

Look to the hills – Camp Edition

Building those teamwork skills!

Planning?

One of the challenges of planning for camp is having no real idea of numbers pretty much until the day camp starts. It means everything is guesswork – how many leaders do we need? How many rooms do we need for boys and girls? How many do we need on the kitchen team for things to run smoothly? How many kilos of beans, bottles of water or rolls of toilet paper will we go through? How many booklets do we print? Every little detail needs to be planned, but in many ways it's all guesswork (albeit with

considerable experience!). Every year it's the same, and every year God shows his sovereign hand and it all works out!

We are looking forward to seeing who God brings to camp this year and how he moves in their hearts and minds, and we can't wait to see all the fun that will be had!

Thanks for being partners in this ministry with us. If you want to follow the happenings of Teens Camp 2019 you can do so via the facebook page (link to the right).
